20 June – 1 July 2011,

8:30 – 13:00

From Ithaca to [You]niverse..!

A personal journey becomes universal and reality touches upon dreams in the next Children's University..! We will explore the microcosm and macrocosm that surrounds us, starting from the cells of our body and reaching out to the stars. We, as an integral and essential element of the universe, will explore how to embrace our desires with our actions and how we can change the world with our own power..!

Human ⇔ Nature
Human ⇔ Society
Human ⇔ Knowledge
Human ⇔ Create
Human ⇔ Self
Human ⇔ Future

Our actions include dealing with **science, music with improvised percussion, play** through **theater, art** and construction, the creation of our **Children's Parliament**, group activities through **Neurolinguistic Programming** and colour therapy, exploration of the website '**urban hero**' and experimentation by **creating a 3-D short film!**

We leave dry knowledge behind and enter the wealth of experience through game, curiosity and the adventure of discovery.
